**JONATHAN ERBER, M.D., EARNS BOARD CERTIFICATION IN  
GASTROENTEROLOGY FROM THE AMERICAN BOARD OF  
INTERNAL MEDICINE**

Jonathan Erber, M.D, has successfully earned his Board Certification in Gastroenterology from the [American Board of Internal Medicine \(ABIM\)](#).

Dr. Jonathan Erber is currently accepting new patients at his private practice along with Dr. William Erber. He is available for in-patient consultation at Maimonides Medical Center and Beth Israel Medical Center, Kings Highway Division. He is also awaiting appointment to Methodist Hospital.

ABIM works to enhance the quality of health care by certifying internists and subspecialists who demonstrate the knowledge, skills and attitudes essential for excellent patient care.

A growing body of research suggests that Board Certified physicians deliver higher quality care than non-certified physicians. Board certification demonstrates to the public that physicians have met the highest standards of internal medicine and its subspecialties. Board Certification is voluntary and includes an exam that tests a physician's ability to diagnose and treat patients with a broad range of conditions.
